

# Festivals, wineries and careers on offer in South Australia

Come and get the overseas experience close to home and enjoy an idyllic South Australian lifestyle.

South Australia is one of the few places where you can have a rewarding career and still have enough time and money to enjoy quality time with family and friends. Affordable housing, 20 minutes from the city to the beach, a Mediterranean climate, more restaurants and cafes per capita than any other capital city, 400 annual festivals and world class education make South Australia the ideal setting to your career.

## Mental Health Nurses

This is an exciting time to be a part of Mental Health Nursing. SA Health is undergoing its biggest change ever, with major capital works and redevelopment across our inpatient teams, and the transition of community teams towards a truly integrated responsive community-led service that will work in partnership with our stakeholders – the community. SA Health invites you to join our Mental Health teams across the Central, Northern, Eastern and Western Adelaide regions over the next 12 months.

## Dentists and Dental Therapists

SA Dental Services is a great place to work and is an innovative organisation recognised both nationally and internationally as a leading provider of public oral health services. This is an exciting time to be part of the new Oral Health Plan for South Australia where a number of current infrastructure projects are delivering new large state-of-the-art clinics from late 2010. Opportunities are available to further develop your skills and advance your oral health career by working with highly experienced colleagues in a team approach to the delivery of care at a variety of locations around the State.

When it comes to your career there is so much happening at SA Health. As South Australia's largest health care provider, SA Health is striving to achieve better quality of life for people by strengthening primary health care, enhancing hospital care, reforming mental health care and improving the health of Aboriginal people.

**Come and visit the SA Health team at the NZ Job & Career Expo in booth 55 at ASB Showground in Greenland, Auckland on 17 and 18 July 2010 or register your interest at [www.nzjobexpo.sa.gov.au](http://www.nzjobexpo.sa.gov.au)**
